

A SAMPLING OF RETAIL PROJECTS

MJ Neal Associates is a general practice architectural firm specializing in meeting the needs of clients, friends, and communities. Having been in existence for over twenty years, our list of project types, clients and services continues to grow, while sustaining excellent client relationships and upholding our design standards. The success of a project begins with a few key principles, and our broad experience base can provide the foundation to apply those principles to your project.

SMOKEY POINT CENTER

WORLDWIDE ARCHITECTS, INC.
EVERETT/STATION RETAIL BUILDING

Lake Stevens Station – Everett, WA. Fronting on Highway 9 south of its intersection of HWY 204, the 40 plus acre site is defined as well as encumbered by the wetland that borders most of the newly created parcels. Carved from the wetlands are seven lots designed with buildings ranging from 3000 sf to a 120,000 sf building occupied by a Target store. Designs are complete for the remaining sites as well.

PRAIRIE CREEK

MONROE CENTER

MAIN STREET CENTER

HIMALAYA RETAIL

Mills Bros. Clothing Store- Wenatchee, WA.- Originally built in 1906, the renovation consisted of removing a wood and aluminum facade, preservation and reconstruction of remaining original facade elements, and adding new buich piers, cornice, storefront and signage.

Lake Stevens Station III, Lake Stevens, WA- This is a 7400 Square Foot office building built in Everett, Washington for Barclays North. Completed in 2004, this facility has many windows to allow for natural lighting.
